

**ALAMEDA LOCAL AGENCY FORMATION COMMISSION  
RESOLUTION NO. 2014-07**

**Updating the Sphere of Influence for the Eden Township Healthcare District**

**WHEREAS**, Government Code Section 56425 et seq. requires the Local Agency Formation Commission (LAFCo) to develop and determine the sphere of influence (SOI) of each local governmental agency under LAFCo jurisdiction within the County; and

**WHEREAS**, Alameda LAFCo conducted a municipal service review (MSR) of the services provided by the Eden Township Healthcare District (ETHD) and adopted Resolution No. 2013-14 making MSR and SOI determinations and approving a provisional coterminous SOI with a condition that the District report back to LAFCo on the progress made on implementing the District's adopted strategic plan priorities and related action plan; and

**WHEREAS**, at LAFCo's November 13, 2014 meeting, ETHD reported back to the Commission on the status of implementation the District's strategic plan and, based on that report, the Commission determined that removing the provisional status of the District's sphere of influence was warranted.

**NOW, THEREFORE, BE IT RESOLVED, DETERMINED AND ORDERED** that the Alameda LAFCo hereby:

1. Adopt a coterminous SOI, as generally depicted in Exhibit A attached hereto, with the following condition:
  - a. The District report back to LAFCo within six to twelve months regarding the status of its plans with the City of Dublin and provide an update on the District's strategic plan.
2. Consider the criteria set forth in Government Code Section 56425(e) and determine as follows:
  - a. *The present and planned land uses in the area, including agricultural and open-space lands* – The District has no land use authority. City and County policies support the provision of adequate healthcare for City and County residents. City and County plans include land uses and population growth needing supportive healthcare services.

There is substantial agricultural and open space land within the District. Hospital and healthcare services are needed in all areas, and do not, by themselves induce or encourage growth on agricultural or open space lands.

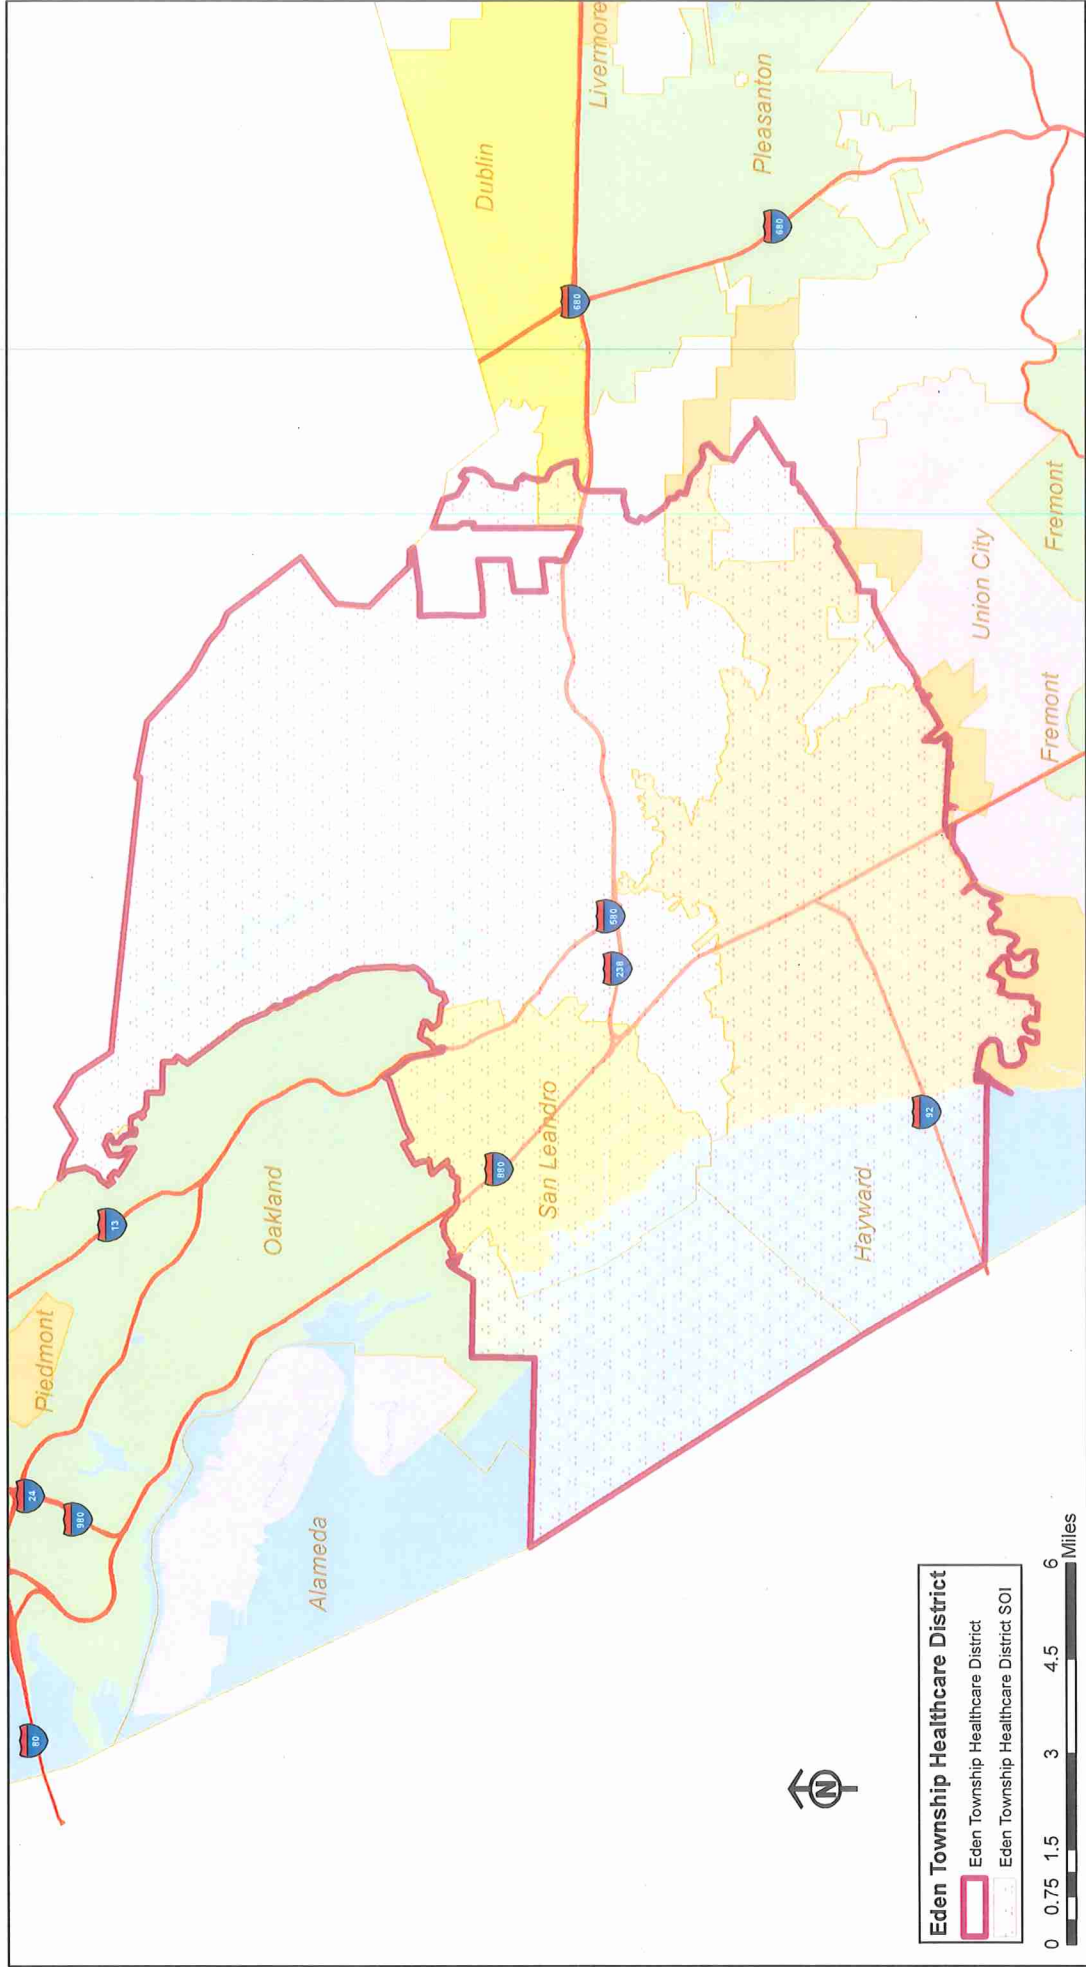

Services are already being provided so growth inducement is not a factor. No Williamson Act contracts will be affected.

- b. *The present and probable need for public facilities and services in the area* –As indicated by demand for ETHD's grant funding services and rental properties, there is a present and anticipated continued need for the services offered by ETHD.
  - c. *The present capacity of public facilities and adequacy of public services that the agency provides or is authorized to provide* – ETHD is not a direct provider of health care services. The District funds healthcare services through grants and provides office space to healthcare providers and clinics through rental agreements.

Rental properties appear to have sufficient capacity to satisfy community need. Although the regional supply of office space is unknown, because there is still office space available for rent
